No Pending

Yes

****please attach**** a copy of the ethics approval certificate

Application for Requests from Researchers

Terms of Reference

1. The undersigned will comply with the Ontario Personal Health Information Protection Act and regulations made under the Act.
2. The Canadian Neonatal Network™ will provide the undersigned with definitions and limitations of the data upon its release. The undersigned will provide the CNN with copies of written material(s) intended to be published or distributed. The CNN has the authority to remove elements considered inappropriate for publication or distribution.
3. The undersigned understands that s/he is responsible for maintaining the security and confidentiality of all information provided to them by the CNN. Data provided will be used by the undersigned only. The undersigned shall ensure that there is no unauthorized access to or modification of the data, misuse of data or breach of confidentiality. In the event that confidentiality of data or the security of any computer systems/networks is suspected to be jeopardized, the undersigned will notify the CNN immediately.
4. The undersigned agrees to destroy all data and return original media to the CNN at the conclusion of the research project. All destruction will be confidential and complete to prevent access or reconstruction by unauthorized persons. The undersigned shall notify the CNN once this has been carried out.
5. The undersigned will not use the information for any purpose other than the purposes described in this application. Secondary analysis requires additional request for approval.
6. The undersigned will appropriately reference the Canadian Neonatal Network™ as the source of the data for all reports, presentations or publications using data from the CNN Database.
7. Fees may be charged as defined in schedules to this Agreement.
